RE: Request for Records

Dear Mr. Musgrave:

The request for records under the Freedom of Information Act you sent to the Louisiana State Police. You have requested under the Louisiana Public Records Act records related to the following:

All documents created from January 2005 to the date this request is processed related to the agency's use of aerial drones, remotely piloted vehicles (RPVs), remotely piloted aircraft (RPSs), unmanned aeriels (UAs), unmanned aerial vehicles (UAVs), and /or unmanned aerial systems (UASs) (hereinafter "drones").

You also listed more specific records related to the request.

Please be advised that currently the Louisiana State Police does not have any "drones." Furthermore, the information you seek is not subject to release pursuant to LA R.S. 44:3, which specifically exempts from disclosure to the public those records maintained by law enforcement agencies concerning "security procedures, investigative training information or aids, and investigative technical equipment or instructions thereof."

I hope this response satisfies your inquiry. With kindest professional regards, I am,

Sincerely,

A handwritten signature in blue ink that reads "Michele M. Giroir".
